KOM Overview

Who are the Karen?

The Karen are the second-largest indigenous ethnic group in Burma (now known as Myanmar). After the country gained independence from Britain in 1948, the Burman ethnic majority took control of the government and started attacking the villages of Karen people and other ethnic minorities of Burma. In 1984, Thailand opened its borders and began providing temporary shelter for refugees from Burma in nine camps along the Thai-Burmese border. Starting in 2004, refugees from Burma were able to register for resettlement in the U.S. and other Western countries through the UNHCR. Since then, more than 200,000 refugees from Burma have resettled in third countries.

What is the Karen Organization of Minnesota?

The Karen Organization of Minnesota is the first social services agency in the country founded by Karen refugees from Burma. We offer a variety of programs to help refugees transition to life in a new country and achieve their goals. We also provide resources to help organizations learn how to work with this growing community.

Our Mission

The mission of the Karen Organization of Minnesota is *to enhance the quality of life for all refugees from Burma in Minnesota.*

Our Community

More than 20,000 Karen people live in Minnesota, making it the largest Karen community in the country. Minnesota is also home to more than 2,000 refugees from other ethnic groups in Burma. Refugees from Burma come to Minnesota for the same reasons many people do: to find good jobs, access high-quality education, and connect with a strong community.

Our Impact

KOM is a leading service provider helping over 3,000 refugees each year achieve their goals. Our success is due to:

- *Programs designed by and for the community:* KOM is founded and led by refugees from Burma who understand the needs and goals of the community we serve.
- *Providing wraparound support:* Our staff take time to understand each person's situation and make sure they can access all of the resources they need.
- *Strong partnerships:* KOM values working with partners to help refugees access more opportunities and to help other service providers learn how to work with this growing community.

KOM History

The Karen Organization of Minnesota (KOM) has its origins in the Karen Community of Minnesota (KCM), a volunteer-led organization established in 2003 by Karen community leaders in Minnesota. KCM served as the community's governing body, helping newly arrived Karen refugees in the Twin Cities maintain their culture, elect community leaders, and receive assistance beyond the initial resettlement period. As more refugees from Burma arrived in Minnesota, the leaders realized they could no longer effectively respond to needs solely through volunteers. They determined that they needed a Karen-led organization to dedicate greater attention to the community and leverage outside support.

At that time, there was no exclusively Karen-oriented social services agency in the Twin Cities, though Vietnamese Social Services (VSS) did express an interest in serving the Karen and had Karen interpreters available to assist clients. In 2005, members of KCM began a three-year training program under VSS to become an official 501(c)(3) nonprofit. VSS provided training in social services, computers, and staff management and helped KCM establish their Board of Directors in 2007. KCM was formally registered as a 501(c)(3) organization in the U.S. in 2008. However, KCM's leaders quickly realized that this status would restrict their ability to send support to families in Burma and Thailand as well as in the U.S. Community leaders and the Board of Directors therefore decided to separate the newly formed nonprofit organization from KCM in order to keep KCM as an unincorporated, volunteer-based association. The Board of Directors and community leaders renamed the nonprofit organization to Karen Organization of Minnesota (KOM) to distinguish it from KCM.

Months after securing 501(c)(3) status in December 2008, KOM was awarded two state and one federal grants that all went into effect on October 1, 2009. With these grants, KOM established its corporate headquarters in the heart of the Karen community on Jackson Street in St. Paul's North End neighborhood. KOM hired and trained four paid staff, some of whom had been involved as volunteers since the beginning of the informal association. Since then, KOM has greatly expanded to better fulfill the growing needs of the community. KOM facilitates employment, social and education opportunities to over 3,000 clients each year and has built numerous partnerships with Twin Cities-based organizations and institutions. From 2014 to 2019, KOM operated a satellite office in Marshall to serve the growing number of Karen people living and working there. In March 2015, KOM moved to a new office in Roseville off Rice Street. Today, KOM employs 34 paid staff, the majority of whom represent the community KOM serves. KOM's success is due to dedicated staff and community leaders, our partners in the public and private sectors, our funders and donors, and all who have allowed KOM to expand our reach.

KOM Programs

Offering a wide range of services strategically located in the heart of the Karen community in St. Paul, KOM has become the “go-to” resource for Karen and other refugees from Burma, as well as refugees and immigrants from other newly arrived communities. In cooperation with its partners, KOM offers services in employment, immigration, community health, housing, mainstream social services enrollment, youth academics and leadership, financial coaching, cultural orientations, crime prevention, and English language learning to more than 3,000 refugees each year. The majority of our staff are refugees from Burma, which means they understand the needs and goals of the community we serve. In 2022, we welcomed three Afghan staff members in Social Services, Employment and Youth Development to help serve newly arrived Afghan refugees. KOM staff members speak English, Sgaw Karen, Pwo Karen, Karenni, Burmese, Thai, Hmong, Urdu, Dari, and Pashto.

Employment Services

KOM provides job counseling and vocational training to help refugees and immigrants find stable jobs and advance their careers. We also offer financial coaching to help participants increase their income and work toward financial goals. The Refugee Employment Services (RES) program helps refugees who have lived in the U.S. less than 5 years find stable employment. KOM offers Youth Career Pathways programs to provide youth with skills and resources to effectively prepare for their future careers. KOM provides Adult Career Pathways programs through vocational trainings for immigrants and refugees in a variety of fields, including interpreting & translating, CNA, soldering, manufacturing, and more. Lastly, the Financial Opportunity Center (FOC) helps clients get recovery resources, get better jobs, and improve financial wealth. KOM's financial coach works to give clients a well-rounded understanding of finances.

Social Services

Through wraparound services, KOM connects refugees to resources related to food, housing, transportation, health insurance, immigration, civic engagement, and more. Our Family Assistants connect refugees who have lived in the U.S. less than 5 years with a variety of social services to help meet their basic needs and integrate into the community. The Elders Program provides individual case management and group activities to refugees to help seniors stay active, connected, and independent. The Weaving Circle gives refugees the opportunity to revive, maintain, and pass on traditional Karen weaving. The MNsure Outreach Program serves to inform the community about access to health insurance and assist with MNsure applications and renewals. The Caregivers Program connects in-home caregivers with counseling, training, support groups, temporary substitute care, transportation, and more. KOM also has a Civic Engagement Program, in partnership with CAPI USA, to educate community members about their right to vote and participate in civic life.

Community Health

KOM facilitates health trainings and education to prevent suicide, violence and alcohol/drug abuse in the community. We also provide resources to support mental wellbeing, family planning, and positive family relationships. KOM is part of the Karen Chemical Dependency Collaborative, in partnership with M Health Fairview, which provides culturally-specific treatment for refugees who suffer from substance abuse. The new Youth Chemical Dependency program supports Karen youth struggling with addiction and alcohol, by providing prevention education, referrals, and case management. The Mental Health and Family Relationships Program is committed to reducing and preventing mental health issues and violence in the Karen community. Finally, The Karen Family Planning Program is committed to teaching Karen men and women about reproductive health.

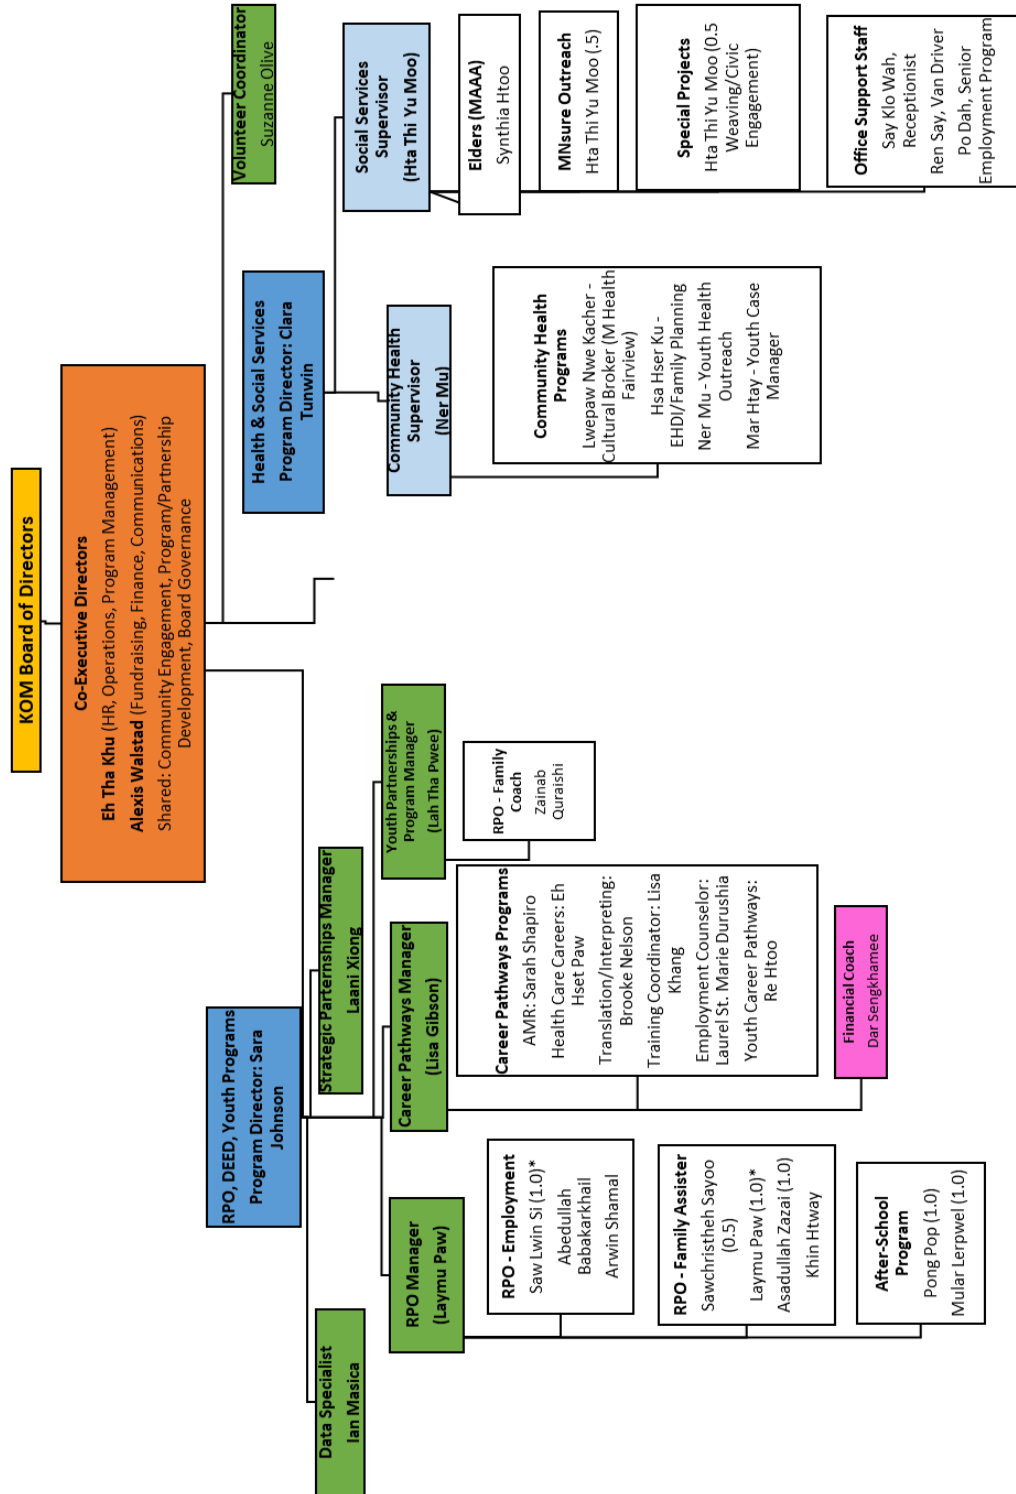

Youth Development

KOM invests in the lives of youth and children from Kindergarten up to age 24 through academic support, after-school programs, cultural activities, and leadership development. KOM partners with Saint Paul Public Schools to increase student learning of Karen and other refugee students. KOM teaches leadership training, health education, and cultural activities to youth during the afterschool program. As an extension of the afterschool programming, KOM also offers summer programming and a youth mentorship program for students. KOM also offers a Youth and Family Coach Program, along with four partner agencies, that helps newly arrived refugee students and their families succeed in K-12 and beyond. Additionally, KOM leads a Youth Career Pathways program called What's Next, which helps youth age 14-24 explore career paths.

Walk-In Services

KOM provides walk-in services to clients on a first-come first-serve basis to address immediate needs. KOM's direct service staff assist clients during walk-in hours with filling out Ramsey County forms, reading mail, paying parking ticket fees, and more. KOM's walk-in hours are Monday and Thursday from 9:00am - 3:30pm, with a lunch break from noon to 12:30pm. Masks are required for all walk-in clients and staff.

2. Time Commitment

Your time commitment to KOM depends on your role and is outlined in your position description. All volunteers are expected to fulfill their commitment for the sake of the organization and the clients involved. If you would like to withdraw from your volunteer position before your commitment ends, please notify the Volunteer Coordinator two weeks in advance.

8. Reporting of Maltreatment of Minors and Vulnerable Adults

Any volunteer shall report suspected cases of child abuse, child neglect and domestic violence to the local welfare agency, police department, or pre-designated resources. All reporters must also simultaneously report these cases to the management of the Karen Organization of Minnesota. 9. Client Confidentiality

Understanding confidentiality and data privacy issues is one of the most critical aspects of your work. It is your legal responsibility to observe and protect the rights of any clients you work with and their families. They have a legal right to expect their information will be kept confidential, and dealt with in a professional manner. Failure to do this can result in problems for the Karen Organization of Minnesota and also can result in discipline that could impact your volunteer status. Volunteers **must** treat this information in a professional manner, and be aware that federal and state laws, as well as state and local policies, protect the data privacy rights of the client and their families.

Some basic guidelines include:

- Do not share information about clients or families with others, including KOM staff unless it relates to your volunteer work with the client or services provided by the staff member.
- Never refer to clients by name in a setting where they are not present.
- Speak and write responsibly and professionally when passing on information related to your work with clients, with an awareness of who may hear you or read your report.
- Take questions you may have about the Karen Organization of Minnesota policies on confidentiality to the Volunteer Coordinator.

10. Motor Vehicle Operation

It is the policy of Karen Organization of Minnesota to ensure all operators of a motor vehicle, while volunteering for KOM, are qualified to drive and drive safely. The purpose is to determine operators have sufficient knowledge about vehicle handling, portrayed through a safe driving record, so as to protect KOM, clients, and the public from an unsafe driver.

Some basic guidelines include:

- All persons operating a motor vehicle on behalf of KOM must have a valid driver's license.
- Any volunteer found to have an unacceptable driving record may not transport clients.
- Any volunteer shall immediately report to the Volunteer Coordinator any suspensions, restrictions, limitations, revocation or restriction of driver's license or any other change in their driving status which violates the standards.
- Volunteers will insure that their vehicle is in operable mechanical condition and insured as required under Minnesota law. Proof of insurance must be provided annually or as the insurance is renewed, whichever comes first, to the Volunteer Coordinator.
- All operators of vehicles while volunteering for KOM will exercise every reasonable caution and care while operation the vehicle. Operators will obey all traffic laws, equipment, registration and licensing requirements applicable to the vehicle being operated.
- All operators and passengers are required to wear safety belts. It will be the responsibility of the operator to see that all occupants comply.
- Possession, use or being under the influence of any narcotic, hallucinogen, stimulant, sedative or other controlled substance while operating a private vehicle while volunteering for KOM is prohibited.
- Operation of a private vehicle while volunteering for KOM, having consumed alcoholic beverage, while in possession of an open container of alcoholic beverage or an alcohol hangover adversely affects a driver's physical or mental faculties to any perceptible degree, the driver will be deemed 'under the influence' for purposes of this policy.
- Those persons using prescription medication which limits or affects their ability to operate a motor vehicle while volunteering for KOM must report the use of medication to the Volunteer Coordinator prior to operation of a vehicle. He or she will determine whether the operator can safely operate the vehicle based upon the written recommendation of the operator's doctor.
- Eating while operating a vehicle on volunteer time is not permitted. Non-alcoholic beverages may be consumed while driving, but drivers are warned to exercise caution if beverages are being consumed while driving.
- Texting or operating GPS devices while operating a vehicle on volunteer time is prohibited.

Procedure if involved in an accident:

You must stop your vehicle immediately following the accident. If possible, park it off the road.

If someone has been injured, call 911 for emergency help right away. Do what you can to make sure that the injured are as comfortable as possible, but don't move anyone unless there's immediate danger—you could do more harm than good.

If only property damage is involved, you don't have to call the police, however, KOM's recommendations are to call the police. If property damage occurs to something other than a vehicle, you're required to pass along your appropriate information to the owner of the property.

If the accident involves another vehicle(s), obtain other driver(s) personal information; name, address, birth date, insurance policy number and vehicle registration number, as well as giving your personal information to the other driver(s) and to the police. If anyone involved in the accident asks to see your driver's license, or for the name and address of your insurance company and the name of your agent, you must comply.

Present your insurance information to the police, if they ask to see it. If you don't have this information readily available, you'll need to provide the information to the authorities within 72 hours.

Notify the Volunteer Coordinator as soon as possible. If you do not report a crash or violation, your volunteering privileges will be suspended.

Accidents involving death, injury, or a combined property damage of at least \$1000 require that the drivers file a [crash report](#) within 10 days. Describe the accident, including the details of when and where it happened, as well as provide your insurance coverage information.

This form must be completed, submitted to your supervisor and mailed to:

Department of Public Safety
Driver and Vehicle Service
Accident Records
445 Minnesota St., Suite 181
St. Paul, MN 55101-5181

Accidents will be determined to be either chargeable or non-chargeable.

Chargeable is defined by National Safety Council Criteria as:

- a) an accident which results from the driver's negligence in which the driver failed to do everything he reasonably could have done to prevent it,
- b) an accident cited as the driver's fault by a State, County or City law enforcement officer.

If the accident is non-chargeable and it is the first involvement while on KOM business, a record will be made in the volunteer's file and the volunteer will receive a copy. The procedure is the same for paid employees.

If the accident is non-chargeable but the volunteer had been involved in another KOM vehicle accident within the past 12 months, the department head will review the circumstances of the accidents and take appropriate corrective action.

If the accident is chargeable, the department head will determine appropriate corrective action. A letter of such action taken will be sent to the volunteer and also be placed in the volunteer's file.

11. Volunteer Development

Karen Organization of Minnesota seeks to support continuous improvement of volunteer performance, knowledge and skills both with respect to specific job duties and also with respect to professional skills that will benefit the Karen Organization of Minnesota.
